Thanks, Alexa-

May 5 does not work for me... we are taking a new set of regulations for ocean desalination facilities to our board for adoption that day. Anytime the afternoon of May 4 is currently open.

Phil

I wanted to follow up on our conversation and schedule a call for us to connect. As discussed, we need to work out internally EPA's proposed path for closing the loop on the 11 aquifers once we receive all the proposed exemption requests from the State. Would May 4th or 5th work for you folks?

We can set up a call-in.

Thanks,

Alexa
